Telephone Directory Advertising

The Telephone Directory in any community is now so important as *the* list of business houses, prominent residents, etc., that the position it occupies in the business world is unique.

It is the only reference book kept up to date that is generally circulated, and of necessity is revised more often than any other local publication, and its circulation is usually much greater.

It is on duty constantly, day and night, every day in the year and reaches everybody.

It might surprise you yourself, for instance, to learn how much you rely on it as an address list and business guide.

Where do we usually see the telephone book?

Isn't it usually within a foot of the telephone? Isn't it often nailed there, in fact?

The telephone and the telephone book are inseparable, and if anybody takes one away from the other there is an immediate protest.

These two modern conveniences are kept together because one must be used with the other. On this account, and owing to its continual use, the Telephone Directory, as an advertising medium, is invaluable.

164,000 copies of this issue will be printed to supply present and new subscribers in San Francisco and vicinity.

91,343 is the actual number of subscribers in San Francisco having a copy of this issue.

54,226 copies are distributed to subscribers in the other cities and towns around the bay.

But the real importance of the San Francisco Bay Counties Telephone Directory as an advertising medium is even greater than is indicated by its big circulation.

1. It is the **only** medium that is an everyday **necessity** to the public;
2. It is the **only** medium that can not be read at one sitting and then laid aside and forgotten;
3. It is the **only** medium that is consulted by more than **seven hundred thousand** people **daily.**

Everybody Uses the Telephone Directory

IF YOU WANT TO BECOME KNOWN

Advertise in the Telephone Directory

Which has obvious advantages over any other medium.

IT gets inside the office door and into the home; it reaches the business man and housewife. Magazines and newspapers do this, but they are short lived. The Telephone Directory gets there and stays there—it is on duty constantly, day and night, *every day in the year.*

No Objectionable Advertisements will be Accepted

AN EXTENSION TELEPHONE

IN THE RESIDENCE, if the main telephone is downstairs, **An Extension Telephone** upstairs will add greatly to the usefulness and convenience of the service. Upstairs or downstairs, a telephone will be close at hand and the necessity of stair-climbing eliminated.

Incoming and outgoing night messages are often emergency or highly important calls. **An Extension Telephone** upstairs in or near the sleeping apartment will save much time and add greatly to your comfort and protection.

IN THE OFFICE, **An Extension Telephone** on your desk will save you much time and annoyance. It is most inconvenient to be constantly called on to leave your desk to answer a telephone call at a telephone located in some other room, or at some point far removed from the work in hand.

With **An Extension Telephone** on your desk, telephone calls can be sent and received conveniently with practically no loss of time. With its aid you will be able to accomplish more during the busy office hours.

The additional expense of AN EXTENSION TELEPHONE is trifling.
Extension Telephones can be ordered at any of the below offices.
